How is PageGate Used/Customer Quote:

"We use PageGate to communicate with staff in the field. This includes dispatching staff to deal with urgent work orders. It enables us to quickly and easily send pages to individuals and groups. With the page log, we have a record of all communications."

"We looked at a number of other products before choosing PageGate. It's ease of use and ability to handle the volume of pages we send are the reasons we selected it."
